

Relationship Pyramid

Goal of Dating: Find Out a Woman's Nature.

- Go as slowly as possible to find out as quickly as possible what her nature is.
- Know what you are looking for.
- Test.
- A numbers game - Meet lots of women.
- Practice "Catch & Release" -- Be a "Good Ender".
- Sooner vs. Later.
- The more time you spend with the wrong woman, the more you reduce your chances of finding your RGW.

Relationship Pyramid

Four Types of Women

RGW: Really Great Woman. The only women you will date long term. Nothing fundamental about her that you would change.

GW: Good Woman. Some fundamental things you would change. You will always be dissatisfied or try to change her.

WW: Wrong Woman. The majority of women. Obvious within a few seconds or few hours.

RWW. Really Wrong Woman. Very wounded and often very seductive.
